WILDLIFE & PENGUIN TOUR – Learn about the rarest penguin in the world, the hoiho (yellow-eyed penguin) and experience the best possibility in the world of viewing these endangered birds. Our tour begins with an overview of our conservation, rehabilitation, restoration, and education work. Guests will be guided through our reserve which is home to numerous native plant and wildlife species including the hoiho and kororā (little penguins), fur seals, sea lions, and several species of sea and forest birds. Viewing within the reserve often includes walking through our unique trench and hide system. When penguins are in our care, guests will also visit our Penguin Rehabilitation Center, where they can see hoiho and other penguins in care up close. Please note, while numerous native animals live with our reserve, these are wild animals, and viewing can never be guaranteed.

TWILIGHT @ THE OPERA – Expanding on the incredible opportunities of the Wildlife & Penguin Tour, this tour provides the unique opportunity to experience the reserve at sunset. The majestic light cast over the landscape as the sun sets on the reserve is breathtaking. At points throughout the year, this time of day provides the greatest opportunity to view hoiho in the wild as they return from a day foraging at sea.
